Advanced Practice Providers – Emergency Medicine

As an Advanced Practice Provider, you will play an integral role in our care teams by providing high-quality, efficient emergency care to patients.

We are seeking Physician Assistants or Nurse Practitioners to:

- Evaluate and manage patients presenting to the emergency department at all levels of acuity.
- Perform a wide range of bedside clinical procedures.
- Practice in a variety of clinical settings within community and academic emergency medicine centers.
- Work alongside and learn from outstanding teaching faculty in the region's busiest emergency department.

Work schedule: 100% FTE. Hours will vary to provide appropriate coverage and meet department needs, including nights, weekends, holidays and call.
